Fee and expense information as of the prospectus dated February 28, 2025.

1. Unless otherwise noted, the Portfolio has entered into fee waiver and/or expense assumption arrangements with the Advisor. In these cases, the Advisor has contractually agreed, under certain circumstances, to waive certain fees and/or assume certain expenses of the Portfolio. The fee waiver will remain in effect through February 28, 2026, and may only be terminated by the Portfolio's Board of Directors/Trustees prior to that date. The net expense ratio reflects the gross expense ratio of the Portfolio after taking into account any such fee waiver and/or expense assumption arrangements. The gross expense ratio reflects the Total Annual Fund Operating Expenses as disclosed in the prospectus. Please read the Portfolio's prospectus for details and more information.

2. The Advisor has agreed to permanently waive all or a portion of the Portfolio's management fee to the extent necessary to limit the total management fees paid to the Advisor by the Portfolio, including the fees the Portfolio pays to the Advisor indirectly through its investment in other funds managed by the Advisor (excluding investments in affiliated cash management vehicles).

3. The Portfolio has not entered into fee waiver and/or expense assumption arrangements with the Advisor.

This information is not meant to constitute investment advice, a recommendation of any securities product or investment strategy (including account type), or an offer of any services or products for sale, nor is it intended to provide a sufficient basis on which to make an investment decision. Investors should consult with a financial professional regarding their individual circumstances before making investment decisions.

Risks include loss of principal and fluctuating value. Investment value will fluctuate, and shares, when redeemed, may be worth more or less than original cost. **Small and micro cap securities** are subject to greater volatility than those in other asset categories. **Value investing** is subject to risk which may cause underperformance compared to other equity investment strategies. **International and emerging markets** investing involves special risks, such as currency fluctuation and political instability. Investing in emerging markets may accentuate these risks. **Fixed income securities** are subject to increased loss of principal during periods of rising interest rates. Fixed income investments are subject to various other risks, including changes in credit quality, liquidity, prepayments, call risk, and other factors. **Municipal securities** are subject to the risks of adverse economic and regulatory changes in their issuing states. The fund prospectuses contain more information about investment risks.
