

2025 Qualified Dividend Income (QDI)

The following are final QDI percentages as of December 31, 2025.

- Income distributions are classified as either qualified or non-qualified dividend income (QDI or NQDI).
- QDI is typically taxed at a lower preferential rate, while NQDI is generally taxed at an investor's higher ordinary income rate.
- The QDI percentage applies to income earned by the fund over the full calendar year.

Dimensional Fund Advisors LP is an investment advisor registered with the Securities and Exchange Commission. Consider the investment objectives, risks, and charges and expenses of the Dimensional Funds carefully before investing. For this and other information about the Dimensional Funds, please read the prospectus carefully before investing. Prospectuses are available by calling Dimensional Fund Advisors collect at (512) 306-7400; or at www.dimensionalfunds.com. Dimensional funds are distributed by DFA Securities LLC.

ETFs trade like stocks, fluctuate in market value, and may trade either at a premium or discount to their net asset value. ETF shares trade at market price and are not individually redeemable with the issuing fund, other than in large share amounts called creation units. ETFs are subject to risk similar to those of stocks, including those regarding short-selling and margin account maintenance. Brokerage commissions and expenses will reduce returns.
